PRESURGERY INSTRUCTIONS: If your pet is OVER five months old, do not allow him/her to eat any food after midnight the night before surgery. You can give water. If your pet is LESS than five months old, feed him/her at 6:00 AM the day of surgery. You can also give water. PLEASE NOTE: Even though your pet may not have eaten since midnight, he/she will most likely need to go to the bathroom. Please give your pet a bathroom opportunity before drop off at our facility.

CANCELLATIONS: Please let us know as soon as possible if you cannot keep this appointment. There is ALWAYS a waiting list for appointments. Another pet is always waiting!
